

Dear Third Party Fundraiser,

When you become a fundraising partner with the BC Federation of Foster Parent Associations you will help us support foster parents and children throughout British Columbia.

Whether it is an employee barbecue, a lemonade stand or collecting donations in lieu of birthday gifts, your event will help us raise valuable funds and create more awareness of our services.

If you are interested in hosting a fundraising event, please contact us or send us the completed Third Party Event Registration Form by email or mail.

We are happy to support you to the best of our ability. Please contact us with any questions or for informational materials to share with your community.
